

Hello {{ contact . FIRSTNAME }},

As the calendar turns a new leaf and the promise of another year beckons, we are excited to announce that 2024 marks the **25th anniversary of iWave**, which wouldn't have been possible without your support. The entire iWave family would like to extend our warmest wishes to you for a joyous and prosperous New Year.

Here's to 25 years of innovation, growth, and the cherished connections that have made our journey truly remarkable, and have positioned us as a global leader in embedded systems engineering and solutions.

Key Highlights of 2023

From cutting-edge technologies to solutions that redefine industry standards, our journey in 2023 has been marked by a series of groundbreaking releases. iWave added new System on Modules, Embedded Computing Platforms, and ODM Solutions.

- * [i.MX 93 & i.MX 91 System on Modules for HMI Solutions and EV Charging](#)
- * [AM62Ax System on Module for Image Analytics and AI Solutions](#)
- * [Zynq UltraScale+ RFSoc System on Module for SDR and Radio Telescopes](#)
- * [Versal AI Edge System on Module Accelerating Applications from Sensor to AI](#)
- * [Agilex 7 System on Module Delivering the Industry's Fastest Transceivers](#)
- * [SmartNIC Solution as a High-Speed Storage & Network Accelerator Card](#)
- * [Telematics Gateway as a Powerful Central Networking Gateway](#)
- * [Rugged Telematics Device Enabling Fleet Telematics in Off-Highway Vehicles](#)

iWave ventured across the world to be a part of international trade shows and conferences, connecting with diverse audiences and showcasing our commitment to innovation. Join us as we revisit our journey at the events which iWave was part of.
